

Product information according to EU regulation 2024/1103

1. General product information

Product Category: Electric local space heater

Manufacturer: VEAB Heat Tech AB

Model designation: EA 9

Parameter	Value
Type of heater	Electric local space heater
Nominal heat output	9000 W
Power control	Yes (0-6000-9000W)
Thermostat	Electronic with weekly programme and adjustable start control
Application	Indoors
Mobile/fixed installation	Fixed

2. Energy and efficiency data

Parameter	Value	Unit
Seasonal space heating energy efficiency ($\eta_{s,on}$) in active mode	48,4	%
Power in off mode	0	W
Power in standby mode	0	W
Power in idle mode	0	W

3. Other information

- The product should be recycled and disposed of according to local regulations.
- For installation and use see www.veab.com/ea
